

SIGMA ALPHA EPSILON

Summer 2012

Cal Beta News

Message from the Undergraduates

Dear Fellow Cal Betas,

As a fantastic year came to and end, we waved good-bye to numerous graduating seniors while holding a hopeful sense of excitement for the incoming freshmen and the future Phi Alpha gentlemen who lie in their ranks. I want to extend a big thank you to the officers of the past year who did a great job in raising us yet another step on the staircase toward fraternal greatness as we increased our philanthropy efforts to include more than ten hours of service per active brother. This recognition led to a nomination for a national Philanthropy award at the John O. Mosley Leadership School in Miami this summer. As well as our magnanimous philanthropy efforts, our academic efforts have proved equally successful as we received a nomination for a national award due to such accomplishments as an average GPA of 3.36. We hope to build off of this increased success and national publicity in order to prove our chapter-wide "Commitment to Excellence" to our non-believers.

As the summer quickly passes by and the sand from South Seas finally makes its exit from the back parking lot, numerous house improvements are being made with a big thanks to Perry Haviland, Bill Rodgers, and the rest of the Housing Corporation. With their tremendous

assistance we have replaced the flooring in the upstairs hallways with tile, completely fixed the internet hub, and touched-up countless injuries the house has taken over the past year. We had 55 people living in the house for the summer, and for some reason the hallways smelled quite a bit better with more than half of those occupants being sorority girls.

Looking forward, I am excited to be working with the newly elected Executive Committee that is comprised of: Eminent Deputy Archon Brandon Elliot, Eminent Treasurer Jason Ungar, House Manager Chad Smith, Pledge Educator Max Lightbourn, and Risk Manager JP Cabaniss. With the help

of these five gentlemen (four of which pledged with me in Fall 2010), we are proud to proclaim that our reign as the best chapter on this campus cannot and will not be threatened. We look forward to seeing all of you at the house in the near future as we have seven home football games at the reopened Memorial Stadium, with three of our very own taking the field in the Blue and Gold: Geoffrey Gibson, Chad Smith, and Tanner Mohr. Lastly, you cannot forget, Duck Dinner. ***Phi Alpha and Go Bears!***

Faternally,

Adonis Voulgaris, Eminent Archon

Housing Corporation Note

Dear Cal Beta SAE Alums:

It's been another terrific year for SAE Cal Beta at 2722 Bancroft Way with our 65+ Actives and support of our 1000+ Alums. We have a full house and have recruited 27 new Actives over the last 12 months. We have had fantastic support from our Alums as evidenced by huge turn-outs at Duck Dinner and other Alumni class functions, by thousands of dollars of financial support, and the induction of 10 members into the Cal Beta SAE Hall of Fame.

Check out our website at www.SAECalBeta.org for all of the latest news and updates. We also have a list of over 1000 Alumni of Cal Beta there. You can access this list by using the user name "CALBETA" and password "phialpha." If you are not already on the list, please add yourself and if you are on the list, please update your contact info so your classmates can contact you.

We truly appreciate the thousands of dollars of your financial support in 2011. This money went to give deserving Active's scholarships, House improvements, and to maintain our Alumni web site. In order to keep our House strong and prospering, we need your ongoing financial support. Please use the enclosed giving envelope to make your 2012 tax-deductible contribution. The Cal Beta SAE House would not still be operating if not for your ongoing support. Thank you!

Phi Alpha. Go Bears!

Cal Beta Hall of Fame & Parents Dinner

We had a wonderful night on Friday, April 20 at the SAE House as we celebrated the graduation of our seniors, welcomed parents, and inducted several new members into the Cal Beta SAE Hall of Fame.

We were fortunate to host regional director Shay Stewart and province archon Vincent Cortese. We had an excellent dinner cooked by our new chef Joyce and a festive evening of songs and stories to cap off a great Cal Day weekend!

Thanks to parents, nationals, and alumni for their support of the brotherhood and attendance on an unforgettable evening!

1st Annual SAE Shark Tank

The brothers hosted a unique entrepreneurship & career night engaging actives and a panel of both alumni and experienced investors led by Randy Williams, CEO of Keiretsu Forum. The event provided an opportunity for 6 brothers to pitch their startup ideas and get quality feedback from the 5 knowledgeable panelists.

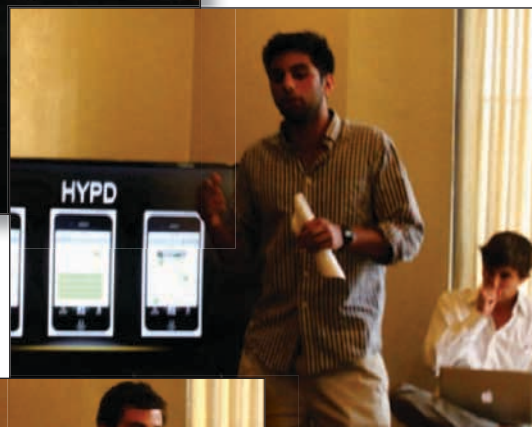

Congrats to Kayvon Bina and Harrison Rolfes for receiving the highest score from the judges for their pitch, Hypd. Bina and Rolfes developed a consumer mobile app for real time, location based event search. The 35 other brothers in attendance had a chance to ask questions and learn about potential career paths from the wisdom of our panel. Due to the overwhelmingly positive response from both the brothers and alumni, we will be making this an annual event.

Thanks to our panel for their generous time and involvement. Stay tuned - we'd love to get more alumni involved!

Left: Brothers actively engage in the pitches and open discussion

Below: Kayvon Bina makes the winning pitch for his real-time events application

Matt Thorson wants to inspire people to enjoy the outdoors. His adventure app suggests the best locations, trails, and more

Cal Beta Annual Fund

Without your continued support, Cal Beta would not be the successful, top fraternity it is today. Please consider donating a few bucks for one of the following Cal Beta initiatives:

House Improvement Fund

Our beautiful house is nearing 100 years of unforgettable shared memories. We are continually working to maintain the living conditions of the house for current and future brothers. We are hoping to make multiple improvements, including removing the old, moldy carpet upstairs and tiling the halls.

Academic Scholarship Fund

With rising tuition costs, students are feeling the financial strain. Cal Beta is working to provide merit and need based scholarships brothers can apply for. Last year we were able to give out 4 scholarships - We hope to double this number for the upcoming year.

South Seas & Volleyball Tournament

Brothers have done a tremendous job in participating in philanthropy events this year. Brothers have donated their services to over 15 philanthropy events and many have exceeded the required 10 hours of service per brother. We are proud to report that we have donated over \$4,000 to charities such as Jog for Jill, Autism Speaks, and Habitat for Humanity, among many others. As a result, it is with great pleasure to announce that Cal Beta has been nominated for the SAE national fraternity award in philanthropy, the Joseph C. Mancini Service & Philanthropy Award.

The brotherhood brought the beach to Berkeley on April 28th with our annual South Seas Philanthropy Volleyball Tournament. Brothers prepared the house a week in advance transforming it into an exotic island. The sun was shining and balls were flying as 8 fraternities and 6 sororities duked it out to become kings and queens of the seas. SAE Team 1 reached the finals and faced off against Fiji for the second year in a row, but unfortunately again lost as Fiji emerged victorious in the best-of-three final by winning the first two sets. DG breezed through their challengers and went undefeated in the women's bracket.

The event was a huge success as we were able to raise almost \$2,500 for our chapter charity Camp Kesem. As a result, 10 children who have been affected by cancer will be sent for an unforgettable summer experience. Phi Alpha to internal social chair Alec Gunny (F'10), social chair Joey Thomas (F'09), and philanthropy chair Kiarash Salafian (F'11) for producing a great event.

Featured Community Leader - Alec Gunny

Alec pledged Fall 2010 during his freshman year and is currently majoring in Engineering Physics with a minor in Energy Engineering. Alec was on varsity track and debate in high school, and while he continues to judge high school Lincoln-Douglas debate in the area, he took up new interests at Berkeley. He is both a mentor and a director with the SAGE mentorship program,

which provides 1-on-1 work and play with underperforming students in the Berkeley and Oakland areas. Alec also works with Engineers Without Borders developing arsenic filtration techniques for wells in Peru. He lives in the chapter house and just finished his term as Internal Social Chair after previously serving as Philanthropy Chair.

Featured Athlete - Tanner Mohr - Rugby & Football

Tanner pledged Cal Beta in the fall of 2010 as a sophomore. He is currently entering his 4th year at Berkeley as a history major. Mohr is from Davis, California where went to Davis High and played football, basketball, baseball, and rugby. He won two national championships

with the Cal rugby team prior to joining the football team this summer. Gridiron glory runs in the family, as Tanner's father played professional football in the CFL & NFL. Keep an eye out for the elusive Mohr (#33) this year at the fullback position.

Back Sundeck Improvement

The brothers, headed up by house manager Chad Smith, came together to beautify the back sundeck - redoing the boards, installing new turf, and painting the deck - making it look brand new. See the "before" and "after" pictures for the striking improvement and finished product.

Gridiron Glory - IM Football Champions

The brothers of SAE continue their tradition of athletic dominance at the competitive interfraternity stage by once again taking home the glorious victorious trophy shirts. According to the head referee, "Since I started working as a freshman in fall 2008, SAE has won the championship 6 out of 8 semesters." That, my brethren, is a dynasty.

SAE Scholarship and Award Recipients

Through the generous support of alumni and parents, SAE has created a scholarship fund for deserving brothers who have high academic achievement, extracurricular excellence, and represent what it means to be a brother of Sigma Alpha Epsilon.

Ryan Burke

Ryan pledged as a freshman during the Fall 2010 semester. He is currently a second year pursuing a B.S. in Civil and Environmental Engineering. Ryan is originally from Long Beach, California. In high school, he was on both the water polo and swim teams, worked as a lifeguard/swim instructor, and was the president of two school clubs. At Berkeley, Ryan is on the board for the Autism Speaks U club and is the bass player in a local band. This past winter break, he spent two weeks in Thailand building houses through Habitat for Humanity. Ryan currently lives in the chapter house and has the positions of both Technology Chair and dishwasher.

Garrett Miller

Garrett is a freshman at Berkeley pursuing a B.S. in Civil and Environmental Engineering. He pledged in the fall of 2011 and is originally from Redding, California. Garrett attended Foothill High School where he ran on the track team and played football. He was an officer of numerous clubs and organizations on campus. At Berkeley Garrett is a member of Rotaract and is involved with Engineers Without Borders. Garrett is excited to be in the chapter house this semester.
